# HESI + SILLS = Complete NBRC® Exam Preparation!

The Therapist Multiple-Choice (TMC®) Exam offered by the National Board for Respiratory Care (NBRC), consists of two parts: a written exam and a clinical simulations exam. Elsevier offers the ultimate preparation for both parts with this dynamic duo.

**HESI Review & Testing for Respiratory Care**  
This complete preparation, testing, and remediation solution helps students excel throughout your program and prepare for success on the TMC exam.

- **HESI Admission Assessment Exam**  
  Evaluate program applicants and admit the most promising students into your program.

- **HESI Practice Test**  
  Assess knowledge and concepts learned with this non-proctored, pre-built test.

- **HESI Respiratory Care Exit Exam**  
  Measure student readiness for the TMC exam with questions formats and exam content outlines matching the most recent TMC matrix.

**Sills: Case Studies & Clinical Simulations for Respiratory Care**  

- Offers the most comprehensive and realistic review for the Clinical Simulation Exam (CSE®) portion of the NBRC registry exam.

- Features real-life patient management scenarios in a computerized test-taking environment.

- Modeled after the NBRC’s CSE experience.

- Prepares students to succeed in the classroom and in real-world clinical settings.
