### HESI + SILLS = COMPLETE NBRC® EXAM PREPARATION!

The Therapist Multiple-Choice (TMC®) Exam offered by the National Board for Respiratory Care (NBRC), consists of two parts: a written exam and a clinical simulations exam. **Elsevier offers the ultimate preparation for both parts with this dynamic duo.**

**HESI Review & Testing for Respiratory Care**

- **HESI Admission Assessment Exam**
  Evaluate program applicants and admit the most promising students into your program.
- **HESI Practice Test**
  Assess knowledge and concepts learned with this non-proctored, pre-built test.
- **HESI Respiratory Care Exit Exam**
  Measure student readiness for the TMC exam with questions formats and exam content outlines matching the most recent TMC matrix.

**Sills: Case Studies & Clinical Simulations for Respiratory Care**

- Offers the most comprehensive and realistic review for the Clinical Simulation Exam (CSE®) portion of the NBRC registry exam.
- Features real-life patient management scenarios in a computerized test-taking environment.
- Modeled after the NBRC’s CSE experience.
- Prepares students to succeed in the classroom and in real-world clinical settings.
