# Build students' confidence with safe, simulated hands-on patient care

## Simulation Learning System

The **Simulation Learning System (SLS)** helps you maximize the capabilities of human patient simulators and integrate simulation into your curriculum. Corresponding to trusted Elsevier Canadian textbooks, **SLS** features evidence-based scenarios, an electronic health record, and teaching support for each step of the simulation, from preparation through debriefing.

## SimChart®

Specifically developed as a teaching tool for health science education, **SimChart** is a web-based simulated electronic health record (EHR) system. It combines practical, real-world experience in electronic documentation with powerful, fully integrated educator support to help you incorporate EHR practise into your program.

## Clinical Skills: Skills for Nursing

Give your students a consistent, 360-degree look at more than 1,200 of the most important nursing skills using the same convenient, web-based format that professionals use to train. A consistent, seven-part framework guides students through all aspects of safely and effectively performing each skill. Competency checklists help you track student progress.

Empower  
your  
programs,  
pass rates,  
and students'  
exam  
performance  
with HESI

With Canadian students now writing the NCLEX-RN®, HESI is combining the proven reliability of their expert test development and reporting, with updated SI units and remediation sourced from Elsevier's Canadian textbooks, where applicable. Canadian schools are taking advantage of HESI Live Review to better prepare their students for the NCLEX-RN. Only HESI delivers a single, comprehensive solution to help Canadian nursing students excel in your program and confidently pass the NCLEX-RN exam.

## PRACTISE

### HESI RN Patient Reviews

Didactic, knowledge-based patient activities teach and assess retention of clinical content and build students' confidence before they experience actual clinical situations.

### HESI RN Practise Test

Practise questions written at the application level reflect the standardized item testing formats they will encounter on the licensure examination. Provides detailed answers and rationales.

### HESI RN Case Studies

Challenge students to apply key concepts and develop their clinical judgement by answering questions and viewing rationales for a range of realistic patient scenarios.

## EXAMS

### HESI Admission Assessment (A2) Exam

Assess program applicants' basic skills and personality and learning styles to select and place prospective students and improve program retention and pass rates.

### HESI RN Specialty Exams

Measure students' abilities to apply concepts related to specific clinical nursing content areas throughout the nursing curriculum.

### HESI RN Custom Exams

Provide Elsevier with your course syllabus or curriculum, and our expert nurse educators will prepare a customized exam for your program.

### HESI RN Exit Exam

Measure students' readiness for the NCLEX-RN examination with question formats and an exam blueprint matching the latest NCLEX-RN examination test plan.

### HESI RN Computer Adaptive Test (CAT)

Provide an individualized testing experience that simulates the NCLEX-RN exam environment with a tailored item selection exam based on students' performance on previous items.

## REVIEW

### HESI Admission Assessment Exam Review

Prepare students for their admission assessment exam with comprehensive content review and more than 450 practise test questions on the topics typically found on admission exams.

### HESI Live Review

With personalized instruction by our expertly trained nurse educators, HESI Live Review courses can be customized using your program's aggregate results to focus on the topic areas where your students need the most help.

## NEW! HESI® Compass™

Combining a comprehensive, personalized online course with support from an expert nurse educator, this innovative new offering bridges the gap between graduation and the NCLEX to maximize your students' first-time NCLEX success.

## REMEDIATION

Your students benefit from personalized electronic remediation content from trusted Elsevier texts, targeted specifically to each student's unique knowledge deficits. Remediation reports help you keep track of students' remediation progress.

## REPORTING

Detailed diagnostic reports are provided for both students and educators.

## EXAM SECURITY

HESI exams contain numerous functionalities to ensure that each exam remains secure at the highest level.
