A Canadian approach to health education, health promotion, and disease prevention

- **Focus on research throughout the text** includes Research for Evidence-Informed Practice boxes that provide brief synopses on current health-promotion research studies that demonstrate the links between research, theory, and practice.
- **Emphasis on health promotion on a societal level** weaves in the social determinants of health throughout the text and addresses social justice (including the Public Health Agency of Canada’s Population Health Approach model; the Ottawa Charter on Health Promotion; WHO and Alma-Ata Declaration; human rights; the UN Declaration on Rights of Indigenous People; and the Truth and Reconciliation Commission’s Calls to Action recommendations).
- **Canadian cultural considerations** are incorporated throughout the text as they relate to race/ethnicity, Indigenous peoples, identity, LGBTQ2 community, family composition, and other areas.

Included with the text...

**EDUCATOR RESOURCES ON EVOLVE**
- TEACH lesson plan manual
- TEACH PowerPoint® slides
- Test bank
- Image collection
- Next Generation NCLEX-RN-style case studies — generic health promotion

**STUDENT RESOURCES ON EVOLVE**
- Review questions
- Next Generation NCLEX-RN-style case studies — book specific

NEW!

October 2020 • ISBN: 978-1-77172-225-4

Everything Canadian students need to prepare for the NCLEX exam

- NEW! Fully revised from a Canadian perspective to reflect Canadian approaches to nursing and health care, including the addition of the latest Canadian statistics, research, legislation, regulations, references, clinical practice guidelines, and more!
- Thoroughly updated content incorporates clinical updates and reflects the latest NCLEX-RN test plan.

Included with the text...

STUDENT RESOURCES ON EVOLVE
- Exam review in a variety of modes:
  - Assessment mode: 75-question pre-test and post-test that generate a personalized study calendar based on results
  - Study and Testlets modes: Practice questions with instant feedback
  - Exam mode: 10-, 25-, 50-, or 100-question test that provides results, review, and feedback at the end of the exam
  - Audio Reviews mode
  - NEW! 25 Next Generation NCLEX-style practice questions

NEW EDITION!

Prepare students for success as support workers in community and institutional settings

- Thoroughly updated content addresses top-of-mind issues such as the use and misuse of social media, bullying and abuse, the concept of professionalism, working on interprofessional teams in health care settings, shiftwork, and more.
- Enhanced art program reflects Canada’s diversity, and illustrates new content and important procedures.
- NEW! Chapter organization groups together body systems and anatomy chapters for easier access to related information.

Included with the text...

EDUCATOR RESOURCES ON EVOLVE
- TEACH instructor resources
- Critical thinking scenarios with suggested answers
- Two 160-question final exams

STUDENT RESOURCES ON EVOLVE
- Quizzes
- Review questions
- Student activities
- Video clips

Complete your course with...
- Workbook
Simulation Learning System

The Simulation Learning System (SLS) helps you maximize the capabilities of human patient simulators and integrate simulation into your curriculum. Corresponding to trusted Elsevier Canadian textbooks, SLS features evidence-based scenarios, an electronic health record, and teaching support for each step of the simulation, from preparation through debriefing.

SimChart®

Specifically developed as a teaching tool for health science education, SimChart is a web-based simulated electronic health record (EHR) system. It combines practical, real-world experience in electronic documentation with powerful, fully integrated educator support to help you incorporate EHR practise into your program.

Clinical Skills: Skills for Nursing

Give your students a consistent, 360-degree look at more than 1,200 of the most important nursing skills using the same convenient, web-based format that professionals use to train. A consistent, seven-part framework guides students through all aspects of safely and effectively performing each skill. Competency checklists help you track student progress.

LEARN MORE at myevolve.us/Canada2021
Elsevier Adaptive Quizzing (EAQ) offers a bank of high-quality practice questions that allow students to advance at their own pace, based on their performance. EAQ helps students of all skill levels focus their study time and effectively prepare for class, course exams, and summative exams.

- **UNIQUE!** Trusted Elsevier content
- Detailed rationales
- Performance dashboards
- Alternate item types
- Assignable and gradable quizzes
- Student self-quizzing

Set students on a PERSONALIZED, interactive path to COURSE SUCCESS!

With Canadian students now writing the NCLEX-RN®, HESI is combining the proven reliability of their expert test development and reporting, with updated SI units and remediation sourced from Elsevier’s Canadian textbooks, where applicable. Canadian schools are taking advantage of HESI Live Review to better prepare their students for the NCLEX-RN. Only HESI delivers a single, comprehensive solution to help Canadian nursing students excel in your program and confidently pass the NCLEX-RN exam.

**PRACTISE**

**HESI RN Patient Reviews**
Didactic, knowledge-based patient activities teach and assess retention of clinical content and build students’ confidence before they experience actual clinical situations.

**HESI RN Practise Test**
Practise questions written at the application level reflect the standardized item testing formats they will encounter on the licensure examination. Provides detailed answers and rationales.

**HESI RN Case Studies**
Challenge students to apply key concepts and develop their clinical judgement by answering questions and viewing rationales for a range of realistic patient scenarios.

**EXAMS**

**HESI Admission Assessment (A2) Exam**
Assess program applicants’ basic skills and personality and learning styles to select and place prospective students and improve program retention and pass rates.

**HESI RN Specialty Exams**
Measure students’ abilities to apply concepts related to specific clinical nursing content areas throughout the nursing curriculum.

**HESI RN Custom Exams**
Provide Elsevier with your course syllabus or curriculum, and our expert nurse educators will prepare a customized exam for your program.

**HESI RN Exit Exam**
Measure students’ readiness for the NCLEX-RN examination with question formats and an exam blueprint matching the latest NCLEX-RN examination test plan.

**HESI RN Computer Adaptive Test (CAT)**
Provide an individualized testing experience that simulates the NCLEX-RN exam environment with a tailored item selection exam based on students’ performance on previous items.

**REVIEW**

**HESI Admission Assessment Exam Review**
Prepare students for their admission assessment exam with comprehensive content review and more than 450 practise test questions on the topics typically found on admission exams.

**HESI Live Review**
With personalized instruction by our expertly trained nurse educators, HESI Live Review courses can be customized using your program’s aggregate results to focus on the topic areas where your students need the most help.

**NEW! HESI® Compass™**
Combining a comprehensive, personalized online course with support from an expert nurse educator, this innovative new offering bridges the gap between graduation and the NCLEX to maximize your students’ first-time NCLEX success.

**REMEDICATION**
Your students benefit from personalized electronic remediation content from trusted Elsevier texts, targeted specifically to each student’s unique knowledge deficits. Remediation reports help you keep track of students’ remediation progress.

**REPORTING**
Detailed diagnostic reports are provided for both students and educators.

**EXAM SECURITY**
HESI exams contain numerous functionalities to ensure that each exam remains secure at the highest level.

**Empower your programs, pass rates, and students’ exam performance with HESI**
