HESI NG – Student Exam Report

1. To view your results for a HESI Next Generation exam, start by logging into your Evolve account and clicking into your **HESI Assessment Next Generation course**.

2. In the left column, click **Exam Results**.

3. On the Exam Results page, click the **drop-down box** at the top of the page and select the exam results you would like to look at. The exams will be listed by exam type and the date of your exam.

4. After selecting the exam, you will see a summary of your results listing your **score**, the **number of questions you completed**, the **class average**, the **national average**, the **number of categories where you scored below 850**, the **range of possible scores**, and the **number of remediation packets you have completed**.
5. Below the summary, you will see the **Category Performance** section. This will allow you to select a taxonomy type to see how you performed in different categories.

6. After selecting a taxonomy type, you will see a **graph** of the different scoring categories. These will be shown in relation to the **class and national averages**, the **recommended score of 900**, and the **acceptable score of 850**.
7. Clicking the **Details** tab will switch to a list of categories which displays the **number of correct items out of the total number of items**, your **score**, and the **class average for the category**.

![Category Table]

8. Below your results, you will find information about your **remediation progress**. The summary will list the number of packets you have competed, in progress, or not started and the average amount of time you have spent on each packet.

![Remediation progress]

9. A graph will show how you have spent your time in remediation and the total amount of time you have spent remediating.

![Remediation Time Spent]
10. To the right of the graph, you will see your average results on the pre and post checks in your completed packets. NOTE: If your school has opted to not use the pre and post checks, this section will not appear.

11. At the bottom of the report, your Remediation details are displayed. This will list your remediation packets and show symbols for packets that are completed, in progress, or not started. If your school is using pre and post checks in remediation, you will see your results listed along with the percentage improvement. To the right, your time spent in each packet will be listed.
