# Elsevier's Veterinary Technology Curriculum Solution

Elsevier is the ONLY education provider that can deliver everything needed to support your veterinary technology program in one solution.

## Build Knowledge

Elsevier helps students cultivate content mastery throughout the curriculum with engaging technology that complements our market-leading textbooks to ensure students both learn and understand the key concepts that form the foundation for their success.

- Textbooks
- Evolve Resources
- Elsevier's Skills Checklists for Veterinary Technology
- Elsevier Adaptive Quizzing

## Assess & Review

Monitoring performance from day one with assessment tools allows students to master content along the way, while evaluating their progress at key points in your program. When the time to take the VTNE® exam draws near, students can prepare with content review and practice exams that help them gain the skills and confidence they need to pass the first time.

- HESI® Practice Test
- HESI® Exit Exam

## NEW EDITION!

### Help students learn how to properly handle and care for exotic species and laboratory animals

- **NEW! Complete coverage of poultry**, including the increasingly popular backyard chickens, details commonly performed procedures and provides in-depth information on housing, restraint, nutrition, common diseases, diagnostics, and therapeutics.
- **Comprehensive coverage** addresses a wide variety of species (rats, mice, guinea pigs, hamsters, gerbils, ferrets, rabbits, nonhuman primates, swine, chinchillas, armadillos, amphibians, reptiles, birds, fish, farm animals, and cats and dogs) and covers a wide variety of topics (animal species, the laboratory setting, regulatory guidelines, and ethical considerations) to fully prepare students for work with all types of animals.
- **Discussion of specific uses for each species in biomedical research** gives students a perspective on animal use that allows them to explain the benefits, as required by veterinary technology program accreditation procedure.

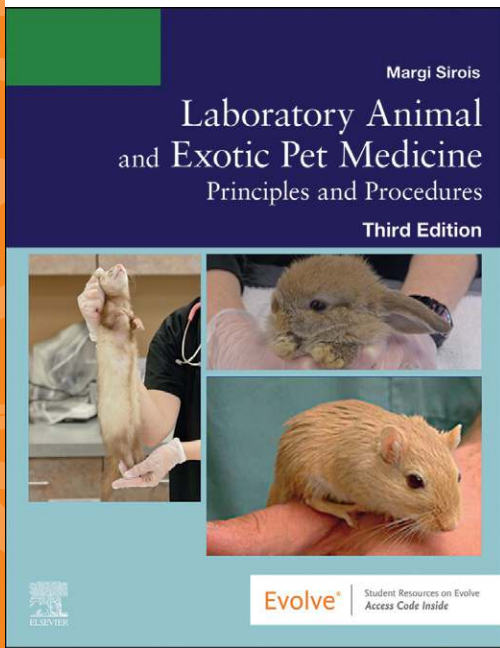

#### Included with the text...

##### EDUCATOR RESOURCES ON EVOLVE

- Test bank
- PowerPoint® slides
- Image collection
- Conversion guide

##### STUDENT RESOURCES ON EVOLVE

- Answer key to textbook review questions

April 2022 • ISBN: 978-0-323-77816-9

Also available as an ebook

## NEW EDITION!

### Give your students a clearer picture of veterinary diagnostic imaging techniques

- **UNIQUE! Coverage of non-manual restraint techniques**, including sandbags, tape, rope, sponges, sedation, and combinations, improves safety and enhances radiation protection.
- **Emphasis on digital imaging**, including quality factors and post-processing, keeps students up to date on the most recent developments in digital technology.
- **UNIQUE! Dental radiography chapter** covers equipment types (film, digital, and computed radiography), safety, positioning, and reading the image for the dog and cat to address the needs of both general and specialty veterinary technicians.

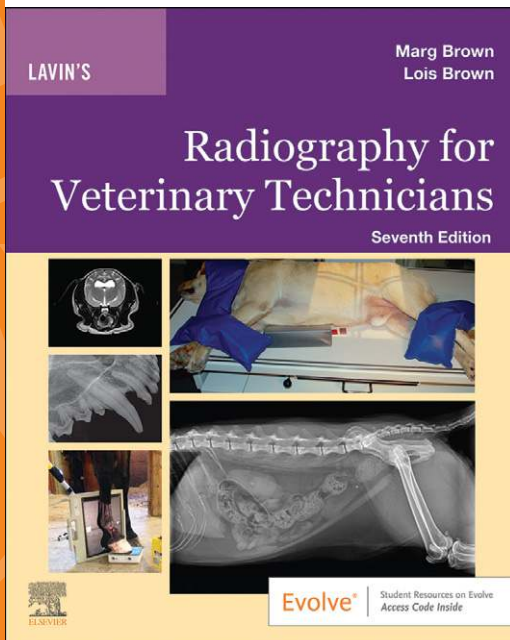

#### Included with the text...

##### EDUCATOR RESOURCES ON EVOLVE

- Test bank
- PowerPoint® slides
- Answer key to end-of-chapter review questions

##### STUDENT RESOURCES ON EVOLVE

- Approximately 125 review questions
- Crossword puzzles
- Fill-in-the-blank exercises

September 2021 • ISBN: 978-0-323-76370-7

Also available as an ebook

# What's New!

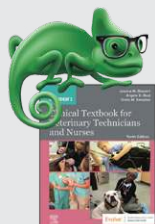

## Elsevier Adaptive Quizzing

Elsevier Adaptive Quizzing (EAQ) integrates seamlessly into your course to help students of all skill levels focus their study time and effectively prepare for class, course exams, and summative exams. EAQ is comprised of a bank of high-quality practice questions that allows students to advance at their own pace — based on their performance — through multiple mastery levels for each chapter. A comprehensive dashboard and reporting capabilities enable you to monitor the activity of individual students, assess overall class performance, and identify areas of strength and weakness, ultimately helping to achieve improved learning outcomes.

Available for:

Bassett, Beal & Samples  
**Elsevier Adaptive Quizzing for McCurnin's Clinical Textbook for Veterinary Technicians and Nurses, 10th Edition**  
ISBN: 978-0-323-82998-4

## Elsevier's Skills Checklists for Veterinary Technology

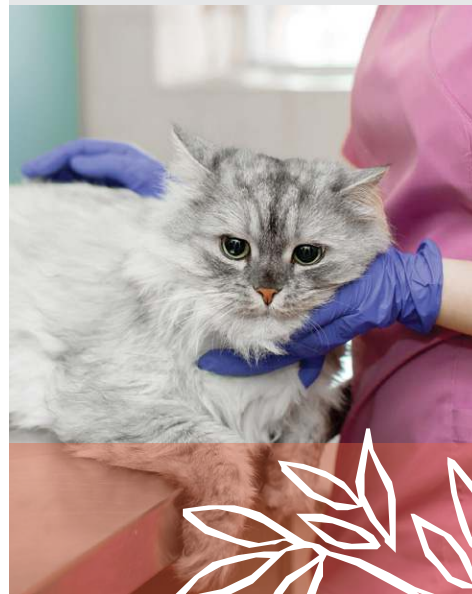

ISBN: 978-0-323-54928-8

These convenient checklists provide clear, step-by-step instructions for common veterinary technology procedures in a digital, user-friendly format. Whether in the classroom, the skills lab, or the clinical environment, **Elsevier's Skills Checklists** enable consistent tracking of student performance and can be used as proof in programmatic accreditation.

## HESI® Testing Solution for

VETERINARY TECHNOLOGY

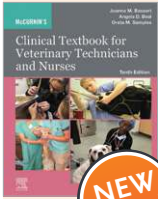

We've combined the expert exam development of HESI and the trusted content from Elsevier texts to provide you and your students with a preparation, testing, and remediation solution like no other! It's everything you need to ensure students are confident and prepared to excel in your program and succeed on the Veterinary Technician National Examination (VTNE®)!

-  **HESI Admission Assessment Exam**
-  **HESI Veterinary Technology Practice Exam**
-  **HESI Veterinary Technology Exit Exam**

**ELSEVIER**

Elsevier is passionate about education. Our motivating goal in everything we do is preparing today's students for successful healthcare careers. How do we accomplish this? We make sure that today's higher learning institutions and educators are well equipped with the latest information, learning technology, and assessment tools so they can effectively guide students in becoming tomorrow's leading health science experts and caregivers.
