

Nursing and Health Education Newsletter

March 2023 | Volume 18

Discover what's new in nursing education!

See how Elsevier's Assessment Builder supports your NGN Item Writing

Providing clear and dynamic NGN content through guided authoring templates, Elsevier's Assessment Builder makes it easier to write and deliver all the new NGN item types for standalone and unfolding case studies. You'll save countless hours of time and be able to write quiz and exam questions that effectively prepare students to succeed on the NGN.

HESI® integrated NGN questions, scoring, and dashboard

Clinical judgment is the vehicle to NGN success, and HESI is the key. With all 15 NGN item types fully integrated within HESI exams, the same curated remediation for each student, and the same secure browser that the NCSBN uses to administer the NCLEX, preparing practice-ready students has never been easier.

Introduce students to NGN items from day one using Sherpath® with EAQ in every course!

To ensure students are confident and comfortable sitting for the NGN, early and frequent practice with NGN item types is critical. Sherpath with EAQ prepares students for what they will see on the new exam format with newly developed cases and items for the NGN.
