

2024 Curriculum Catalog *for* Medical Office

Delivering solutions to
support your program goals.

Elsevier's Medical Office Curriculum Solution

Elsevier is the only education provider that can deliver everything needed to support your medical office program in one solution.

Build Knowledge

Elsevier helps students cultivate content mastery throughout the curriculum with engaging technology that complements our market-leading textbooks to ensure students both learn and understand the key concepts that form the foundation for their success.

-  HESI® Admission Assessment Exam
-  Textbooks — Print and eBooks
-  Evolve Resources
-  Study Guides
-  Sherpath® with Elsevier Adaptive Quizzing

Apply Clinical Reasoning

Whether students are developing their understanding of a broad range of patient situations or honing their clinical reasoning abilities in preparation for patient interactions, Elsevier delivers content-based scenarios that allow students to practice in safe, learning-based environments.

-  SimChart® for the Medical Office
-  SimPractice for Medical Assisting

Assess & Review

Monitor performance from day one with practice quizzing and assessment tools that allow students to master content along the way and evaluate their progress at key points in your program. When the time to take credentialing exams draws near, students can prepare with content review and adaptive quizzing that help them gain the skills and confidence they need to pass the first time.

-  HESI Medical Assisting Practice Test
-  HESI Medical Office Administration Practice Test
-  HESI Medical Assisting Modular Exams
-  HESI Medical Office Administration Modular Exams
-  HESI Medical Assisting Exit Exam
-  HESI Medical Office Administration Exit Exam

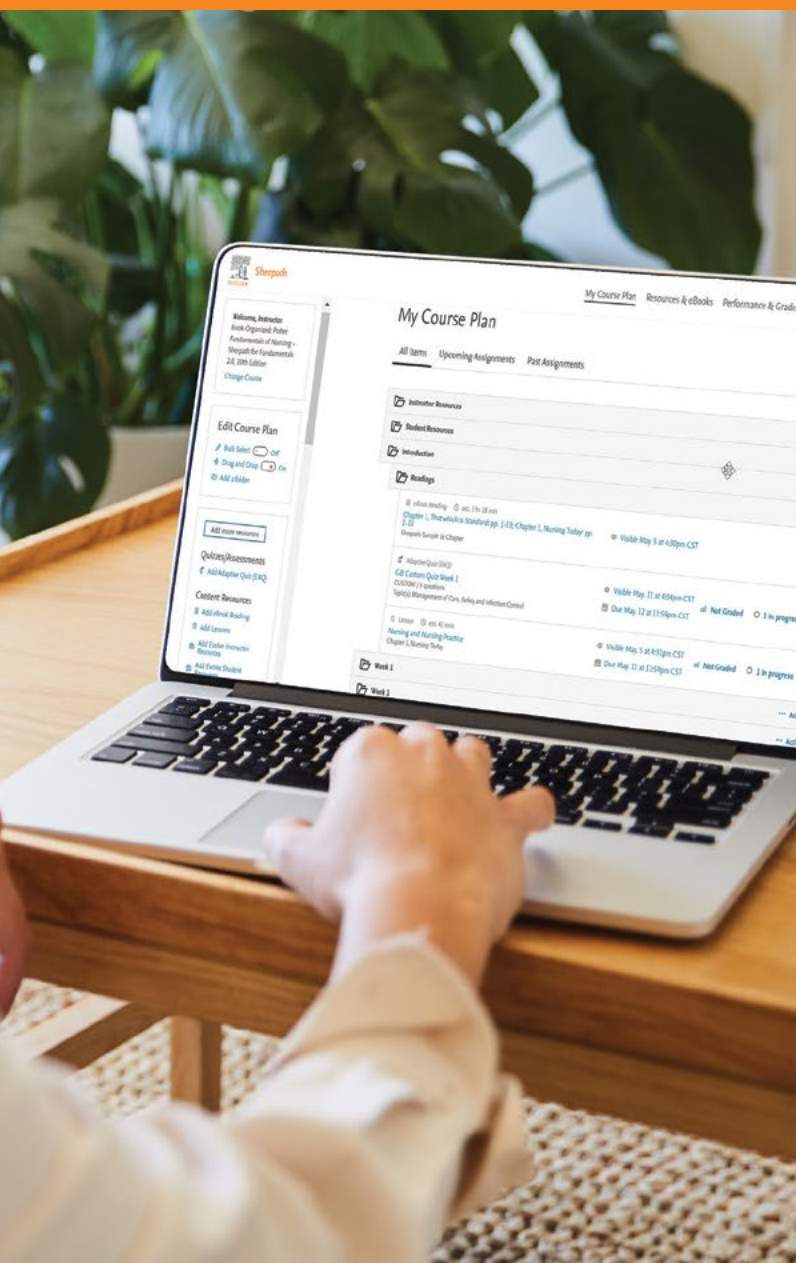

Discover Sherpath®

Sherpath is Elsevier's **personalized learning and teaching technology** built specifically for healthcare education.

Through a single, user-friendly interface, Sherpath delivers:

- » A fully integrated, digital teaching and learning ecosystem where multidimensional course materials work together seamlessly.
- » Mobile-optimized technology that allows you and your students to access course content any time, any place, on any device.
- » Smart content that saves you time by providing access to relevant course materials in one place with precise tagging based on key learning objectives.
- » A contextual and adaptive learning experience that supports the way today's students process and retain vital information.
- » Elsevier Adaptive Quizzing's formative assessment technology that provides quizzes personalized to each student's competence and proficiency, allowing them to progress at their own pace toward content mastery — all in an individualized, self-driven, interactive way.
- » Holistic analytics on both individual student and overall class performance and engagement that provide evidence-based insights on where students are struggling so you can more effectively intervene.

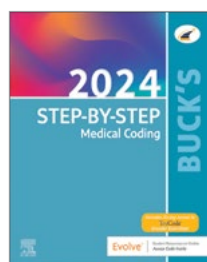

Trust Elsevier to support every step of your coding curriculum!

From beginning to advanced, from core texts to manuals, from application to certification, Elsevier coding solutions have all of your curriculum needs covered.

Keep your curriculum current with the most trusted name in medical coding.

NEW EDITION!

Bring medical terminology to life with Chabner's engaging and proven method

- **Simple, clear, easy-to-understand explanations of terms** enable students with little or no previous medical or science background to easily grasp medical terms and concepts.
- **Clinical procedures and lab reports sections** show students how terminology is used in health care settings; updated by experts in each specialty to reflect current practice.
- **A wide variety of exercises** provide multiple opportunities to reinforce and remember content.

February 2024 • ISBN: 978-0-443-10779-5

Also available as an ebook

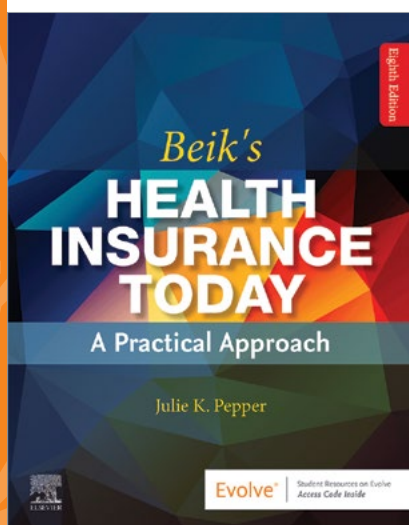

NEW EDITION!

The fast, fun way to help your students learn medical terminology

- **Programmed learning approach** improves comprehension by offering immediate feedback.
- **Focus on basic word-building skills** enables quick and easy learning, making this text perfect for shorter, one- or two-credit medical terminology courses or self-study.
- **Integrated review exercises** provide frequent tests of knowledge and retention of material.

September 2023 • ISBN: 978-0-323-88395-5

Also available as an ebook

NEW EDITION!

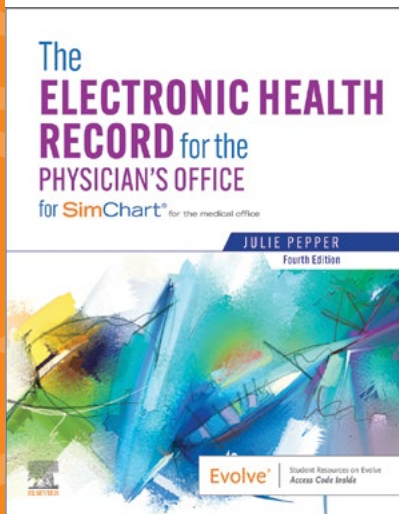

Help your students master the complexities of today's health insurance with this easy-to-understand guide

- **Direct, conversational writing style** makes learning insurance and billing concepts easier.
- **Clear and attainable learning objectives**, with chapter content that follows the order of the objectives, make learning easier for students and make chapter content easier to teach for educators.
- **Learning features** include review questions, scenarios, and additional exercises to ensure comprehension, critical thought, and application to practice.

January 2024 • ISBN: 978-0-323-88400-6

Also available as an ebook

NEW EDITION!

Give your students realistic, hands-on practice with performing EHR tasks

- **UNIQUE!** Integration with *SimChart® for the Medical Office (SCMO)*, Elsevier's educational EHR (sold separately), makes it easier to learn and apply EHR fundamentals.
- **EHR Exercises with step-by-step instructions** reinforce key concepts and allow practice with actual software, increasing in difficulty based on the knowledge gained.
- **Critical Thinking Exercises** provide thought-provoking questions to enhance problem-solving skills and stimulate discussion.

Build students' skills and confidence with **realistic medical assisting simulations**

SIMTICS
 powered by SimTutor

Medical Assisting

With SIMTICS, students can learn and practice a wide range of medical assisting procedures and protocols online anytime and anywhere.

SIMTICS Medical Assisting simulation models are mapped to Elsevier's trusted medical assisting texts and include a full range of medical assisting topics, including:

- Medical Assisting
- Medical Assisting Administration
- Medical Assisting Testing
- Infection Control
- Professional Skills

No downloads or special equipment required!

ELSEVIER

Elsevier is passionate about education. Our motivating goal in everything we do is preparing today's students for successful healthcare careers. How do we accomplish this? We make sure that today's higher learning institutions and educators are well equipped with the latest information, learning technology, and assessment tools so they can effectively guide students in becoming tomorrow's leading health science experts and caregivers.
