

Elsevier's Fall 2024 Back to School Getting Started Series for Faculty

Our experienced **Nursing Education Specialists** help you get the semester off to a solid start with our Prescription for Success!

- **Getting Started in your Class** will cover best practices for using Sherpath/Sherpath Vantage and give strategies to increase student preparation for, and engagement in, your class.
- **Getting started with HESI** will cover HESI testing best practices, how to review HESI exam results, HESI remediation, and include strategies for utilizing EAQ for NCLEX as part of HESI preparation and remediation.
