 Build Knowledge

These key features are integrated into Sherpath's simple, seamless, and supportive environment:

- **Course Plan** serves as the nerve center, allowing you to easily drag and drop modules based on your schedule, plan assignments, and make relevant teaching materials and reading passages available to students.
- **Sherpath AI** chat tool generates personalized answers to your questions, sourced solely from Elsevier's vast library of trusted, evidence-based content.
- **Digital lessons** (only available for select collections) are aligned with key student learning objectives and create a rich, engaging, didactic experience with multimedia, confidence indicators, adaptive remediation, mini assessments throughout the assignment, and a final assessment to gauge understanding of the material.
- **Elsevier Adaptive Quizzing** personalizes quizzes based on each student's performance and allows you to choose relevant topics on which to quiz your students.
- **Enhanced Test Banks** give you all-in-one access to your test bank from your Sherpath courses.
- **Performance dashboard and reporting capabilities** help you gauge student progress and areas of strength, weakness, confusion, and confidence throughout the course to give a holistic view of any topics of misconception or students who are struggling.
