HESI RN Case Studies

Canadian Clinical Skills

Canadian Clinical Skills:

ESSENTIALS COLLECTION

This engaging, online training tool features step-by-step videos that guide students through more than 150 essential procedures and health assessment skills.

- Content reflects current, evidence-informed **Canadian clinical practice**.
- **Convenient, web-based program** uses the same professional format that practising nurses use to train.
- **English and French** closed captioning is provided for all videos and animations.

Assess & Review

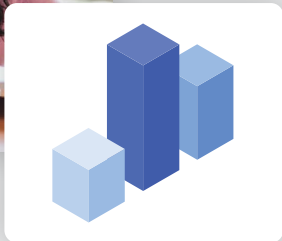

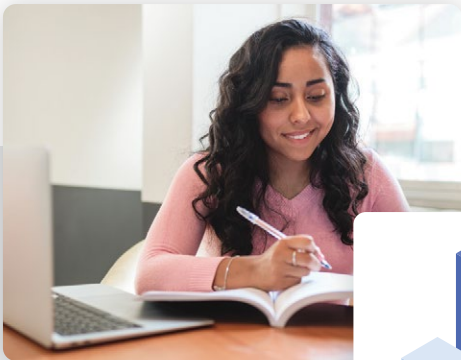

From day one to the NCLEX®, monitor student progress at key points in your program with review and assessment tools that help them gain the skills and confidence they need for exam and career success.

- HESI RN Specialty Exams
- HESI RN Practice Tests
- HESI RN Exit Exam

- Elsevier's Assessment Builder
- Review and testing titles by leading experts
- Osmosis

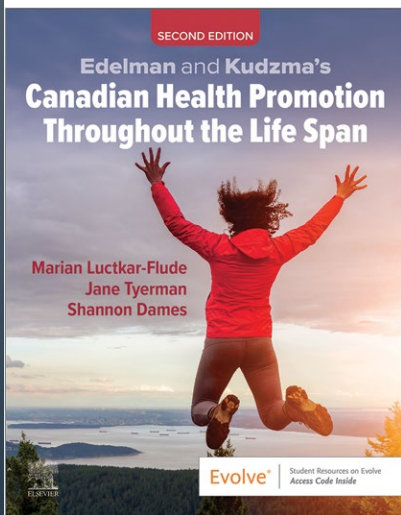

HESI®

REVIEW AND TESTING

Our valid and reliable HESI assessment and preparation products work together seamlessly to provide the detailed diagnostic data you need to enhance and strengthen your students' NCLEX® readiness, your curriculum design, and your program outcomes.

With real-time, at-a-glance dashboards, you'll have access to:

- **Dedicated Next Generation NCLEX® (NGN) reporting** that highlights performance on nursing content area, NGN item type, and associated clinical judgement skills
- Comprehensive synopses of **individual student exam performance**
- Institutional data on **student, aggregate, and national comparison data**
- Data regarding key **nursing themes and topics** to consider adding, updating, or removing as you revise your curriculum
- Pertinent data for your next **accreditation visit**

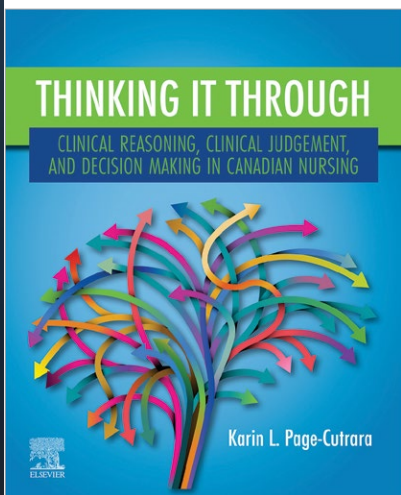

NEW EDITION!

Provide a Canadian perspective on health promotion and disease prevention

- **NEW! Indigenous Health and 2SLGBTQI+ Health chapters** provide greater coverage of the health challenges and health promotion initiatives concerning these populations.
- **NEW! Coverage of global and environmental health** includes discussions on global trends in health promotion; the rise of communicable diseases such as cholera and COVID-19; climate disasters; malnutrition; violence and crime; cultural competency; future health outcomes; and more.
- **NEW! Additional case studies with learning questions** tied to chapter learning objectives promote critical thinking and reinforce key concepts.

March 2025 • ISBN: 978-0-443-12521-8

Also available as an ebook

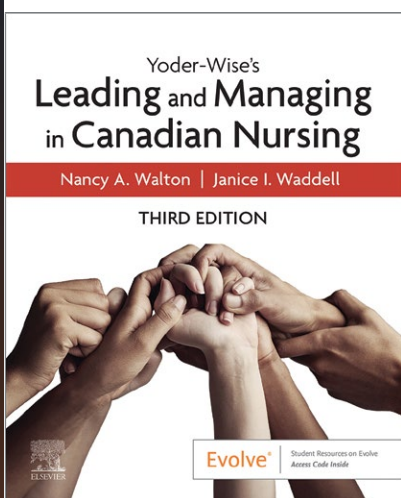

NEW!

Uniquely Canadian nursing guide for supporting cognitive development throughout the curriculum

- **Written and developed by Canadians with the Canadian nursing context in mind**, this fundamental text supports the development of students' thinking skills and clinical judgement for decision-making in nursing practice.
- **Practical applications and a wide variety of pedagogical features**, including real-life examples, case scenarios, review questions, and more, promote confidence and competence in thinking like a nurse.
- **Focused strategies** move beyond the nursing process to help develop thinking patterns in future nurses and demonstrate the thinking process as visible, relatable, real, and much needed.

February 2025 • ISBN: 978-0-443-12526-3

Also available as an ebook

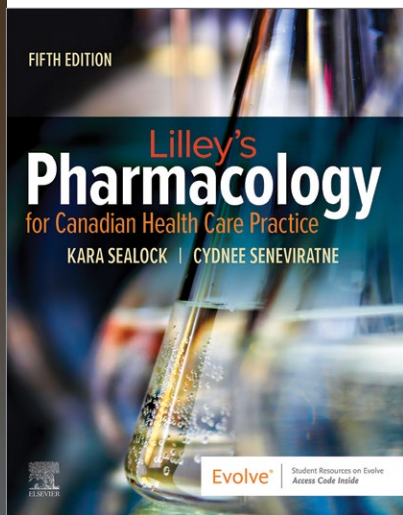

NEW EDITION!

Help students prepare for licensure and their transition to nursing practice

- **UNIQUE! Each chapter opens with A Challenge**, where practising nurse leaders/managers offer their real-world views of a concern related to the chapter, encouraging students to think about how they would handle the situation.
- **NEW! Updated art programme** reflects Canada's diverse workforce and patient demographic.
- **NEW! Educator Resources on Evolve** include NGN-style case studies, case studies aligned with national PN and RN competencies, and all new *TEACH Lesson Plans for Canadian Nursing* to aid in preparing students for their licensure exams.

September 2024 • ISBN: 978-0-323-87284-3

Also available as an ebook

NEW EDITION!

The uncomplicated (and proven) way to master pharmacology

- **UPDATED!** Thoroughly updated drug content reflects the very latest Health Canada drug approvals, withdrawals, and therapeutic uses, as well as corresponding updated nursing content.
- **UPDATED!** Coverage of current topics includes the new 2023 COPD definition, new asthma guidelines, the impact of COVID-19 on respiratory diseases and management, pharmacology in palliative care, updated marijuana information, fentanyl misuse, and more.
- **NEW!** The latest Canadian statistics, research, legislation, regulations, and clinical practice guidelines are incorporated throughout the text, as well as content reflecting the 2017 CNA Code of Ethics, updated references, and more.
