IMAGING SCIENCES

Delivering solutions to support your program goals.

myevolve.us/imaging25

Elsevier's IMAGING SCIENCES Program Solution

Elsevier is the only education provider that can deliver everything you need to ensure student success throughout the learning cycle as they build knowledge and assess content mastery.

Build Knowledge

Cultivate knowledge development throughout your curriculum with trusted content and engaging digital learning tools that help students absorb the key concepts that form the foundation for their success.

Sherpath®

Sherpath AI within Sherpath

Textbooks — Print and eBooks

Evolve Resources

Mosby's Digital Positioning Consult

Assess & Review

Monitor student progress at key points in your program with review and assessment tools that help them gain the skills and confidence they need for credentialing exam and career success.

Elsevier Adaptive Quizzing for Imaging Sciences

HESI® Practice Test

HESI Exit Exam

Sherpath[®]

for Radiologic Technology

Explore the digital teaching and learning technology built specifically for healthcare education.

Sherpath powers trusted Elsevier texts with all-in-one digital resources that streamline class preparation and assessment and give students personalized help to reach their learning goals. Sherpath fully includes the ebook content for one-stop digital course delivery.

Sherpath is available for:

Adler: **Introduction to Radiographic and Imaging Sciences and Patient Care, 8th Edition***

Eisenberg: **Comprehensive Radiographic Pathology, 8th Edition***

Lampignano: **Radiographic Positioning and Related Anatomy, 11th Edition***

McQuillen Martensen: **Radiographic Image Analysis, 6th Edition**

Coming Soon:

Bushong: **Bushong's Radiologic Science for Technologists, 13th Edition***

Ehrlich: **Patient Care in Radiography, 11th Edition***

Kelley: **Sectional Anatomy for Imaging Professionals, 5th Edition***

Rollins: **Merrill's Atlas of Radiographic Positioning & Procedures, 16th Edition – Three-Volume Set***

Sherer: **Radiation Protection in Medical Radiography, 10th Edition***

**Digital lessons available.*

→ Visit myevolve.us/imaging25

These key features are integrated into Sherpath's simple, seamless, and supportive environment:

- **Course Plan** allows you to easily drag and drop modules based on your schedule, plan assignments, and make relevant teaching materials and reading passages available to students.
- **Digital lessons** (only available for select collections) are aligned with student learning objectives and create an engaging, didactic experience with multimedia, confidence indicators, adaptive remediation, mini assignment assessments, and a final assessment.
- **Elsevier Adaptive Quizzing** personalizes quizzes based on each student's performance and allows you to choose relevant topics on which to quiz your students.
- **Sherpath AI** conversational AI tool generates personalized answers to questions, sourced solely from Elsevier's vast library of trusted, evidence-based content.
- **Enhanced Test Banks** give you all-in-one access to your test bank from your Sherpath courses.
- **Evolve Resources** are seamlessly accessible, allowing you to incorporate relevant teaching materials into your course.
- **Performance dashboard and reporting capabilities** help you gauge student progress throughout the course to give a holistic view of any topics of misconception or students who are struggling.

NEW EDITION!

Help students master positioning skills with *Merrill's Atlas*

- **NEW! Updated content** presents the latest advances in imaging technology with digital images replacing film/screen images throughout, image receptor size simplified to reflect the increased use of large format digital detector, updated gonadal shielding guidelines, and more.
- **UPDATED! Special imaging modality chapters** feature the latest technology and current practice guidelines.
- **Coverage of each projection** includes a photograph of a properly positioned patient and information on patient position, part position, respiration, central ray angulation, collimation, KVP values, and evaluation criteria.

Included with the text...

EDUCATOR RESOURCES ON EVOLVE

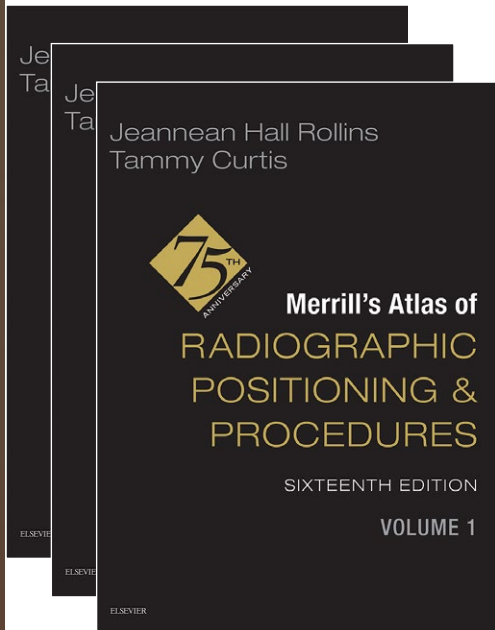

- Test bank with more than 1,500 questions
- Image collection
- Workbook answer key

STUDENT RESOURCES ON EVOLVE

- Image collection

Complete your course with...

- Workbook
- Pocket Guide
- Sherpath

February 2025 • ISBN: 978-0-443-12041-1

Also available as an ebook

NEW EDITION!

Help your radiology students make the connection between physics and imaging

- **UPDATED! The newest ARRT® and ASRT® curriculum standards** are incorporated throughout to help prepare students for board exams.
- **UPDATED!** Content features a shifted focus to **SI units, the latest ARRT® guidelines, current information on radiation and classifications, and coverage of recent advances in digital imaging.**
- **Coverage of radiation protection in callout boxes** helps students understand the core principles of ethical obligations to minimize radiation dosages, shielding, time, and distance; how to limit the field of exposure and what that does to minimize dose; and technical factors and how they represent the quantity and quality of radiation.

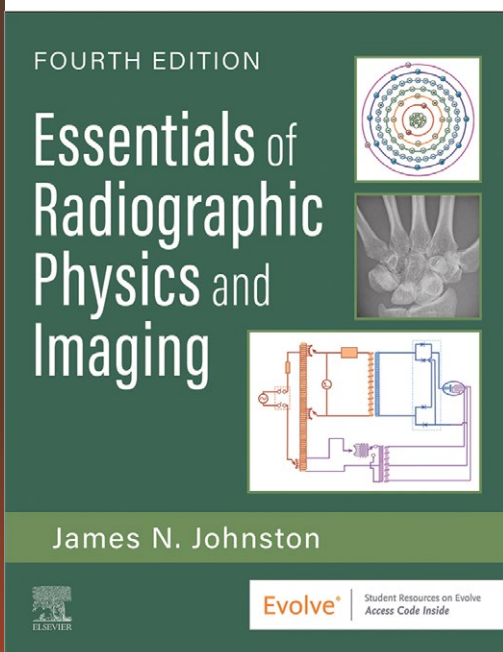

Included with the text...

EDUCATOR RESOURCES ON EVOLVE

- Lesson plans
- PowerPoint® lecture slides
- Test bank with approximately 1,000 questions
- Image collection

STUDENT RESOURCES ON EVOLVE

- Review questions
- Image collection

November 2024 • ISBN: 978-0-323-93067-3
