2025 CURRICULUM CATALOG

# PHYSICAL THERAPY

Delivering solutions to support your program goals.

[myevolve.us/pt25](https://myevolve.us/pt25)

**NEW EDITION!**

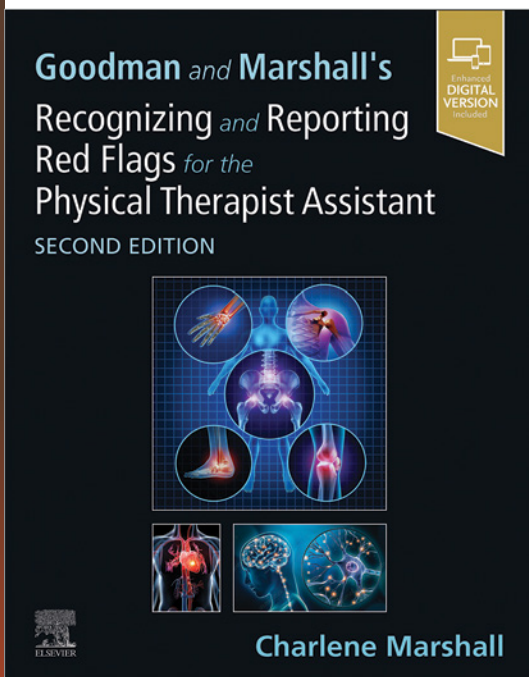

2025 • ISBN: 978-0-323-69430-8

Also available as an ebook

Teach students a unique framework for documentation — and improve their clinical reasoning

- **NEW! Movement Analysis – Linking Activities and Impairments content** addresses issues related to diagnosis.
- **NEW! Enhanced ebook version, included with print purchase**, provides access to all the text, figures and references, with the ability to search, customize content, make notes and highlights, and have content read aloud.
- **Updated case examples** provide clinical context for patient documentation.
- **Revised content**, including updated terminology from the latest updates to the *Guide to Physical Therapist Practice*, provides the most current information needed to be an effective practitioner.
- **Updated references** ensure content is current and applicable for today's practice.

**NEW EDITION!**

2025 • ISBN: 978-0-323-87879-1

Also available as an ebook

Equip PTA students to effectively recognize and document red flags

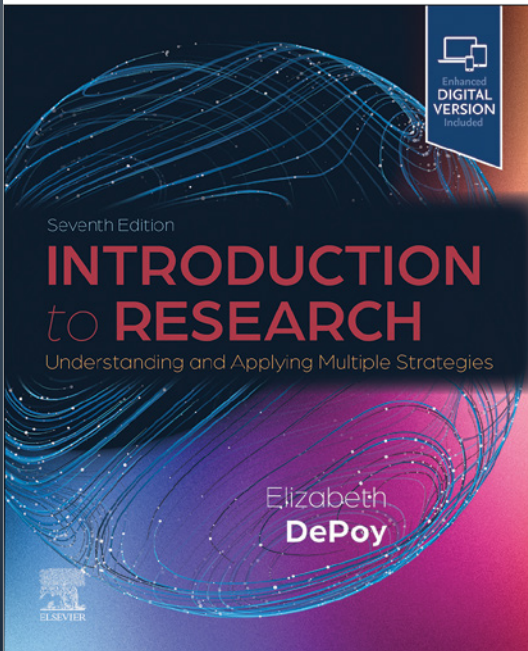

- **NEW! Enhanced ebook version, included with print purchase**, features *Patient Scenarios* and *Review Questions*, plus digital access to all the text, figures and references, with the ability to search, customize content, make notes and highlights, and have content read aloud.
- **UPDATED! Revised content throughout** provides the most current information needed to be an effective practitioner.
- **UPDATED! References** ensure content is current and applicable for today's clinical practice.

Included with the text...

EDUCATOR RESOURCES ON EVOLVE

- PowerPoint® slides
- Image collection
- Review questions and answers

## NEW EDITION!

January 2025 • ISBN: 978-0-443-10941-6

Also available as an ebook

Equip students with the latest knowledge and techniques for bridging the gap between research and practice

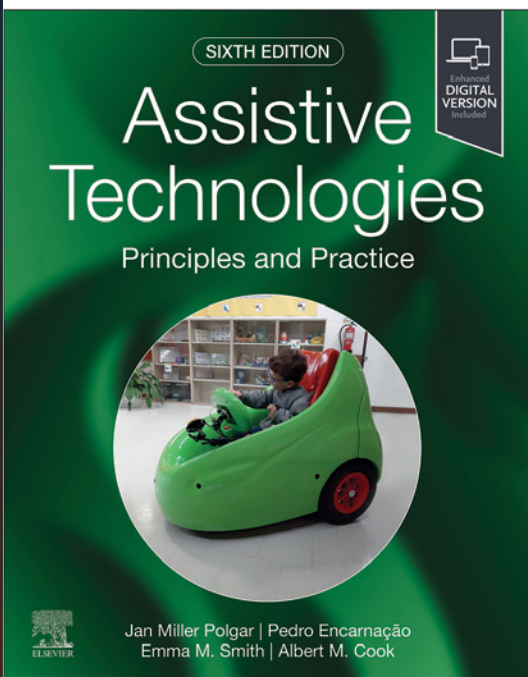

- **UPDATED!** New thinking on who can know, who should be involved in the research enterprise, big data, research methods, strategies, and references provides students with the latest information on research in diverse areas of health and human service inquiry.
- **Comprehensive coverage of research designs** helps students further understand how to apply these methods to healthcare and human service settings.
- **NEW! Two additional chapters** cover ethical issues and emergent design.
- **NEW! Enhanced ebook version, included with every new print purchase,** features math tips and study questions, plus access to all the text, figures, and references, with the ability to search, customize content, make notes and highlights, and have content read aloud.

Included with the text...

### EDUCATOR RESOURCES ON EVOLVE

- PowerPoint® slides
- Test bank
- Image collection

## NEW EDITION!

January 2025 • ISBN: 978-0-443-10969-0

Also available as an ebook

The one text your students need to confidently make decisions in assistive technology

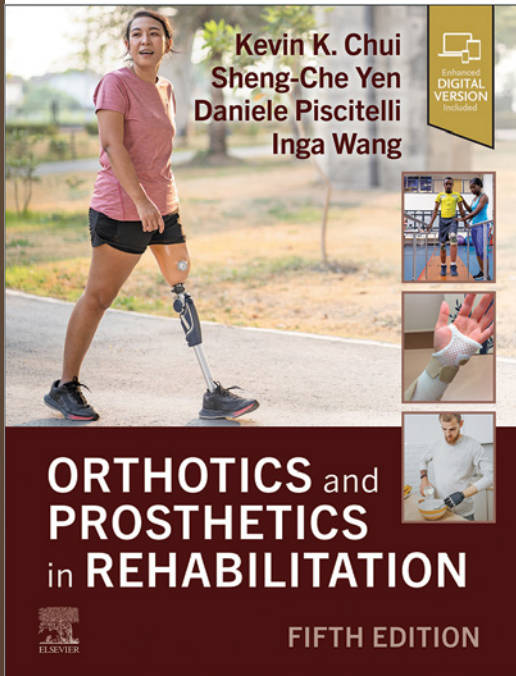

- **NEW! Improved readability and navigation** streamline content with a user-friendly layout for a smoother reading experience and quick reference.
- **NEW! Integration of global resources and guidelines** on assistive technology and wheelchair provision, including the WHO/UNICEF Global Report on Assistive Technology and the WHO Wheelchair Provision Guidelines.
- **NEW! Updated information** on autonomous features of wheelchairs and vehicles, electronic aids to daily living (including mainstream products), and robotics.
- **NEW! Enhanced ebook version, included with every new print purchase,** allows access to all the text, figures, and references, with the ability to search, customize content, make notes and highlights, and have content read aloud.

Included with the text...

Elsevier is passionate about education. Our motivating goal in everything we do is preparing today's students for successful healthcare careers. How do we accomplish this? We make sure that today's higher learning institutions and educators are well equipped with the latest information, learning technology, and assessment tools so they can effectively guide students in becoming tomorrow's leading health science experts and caregivers.
