Steps to Follow .....	2
Resources .....	4

## Steps to Follow

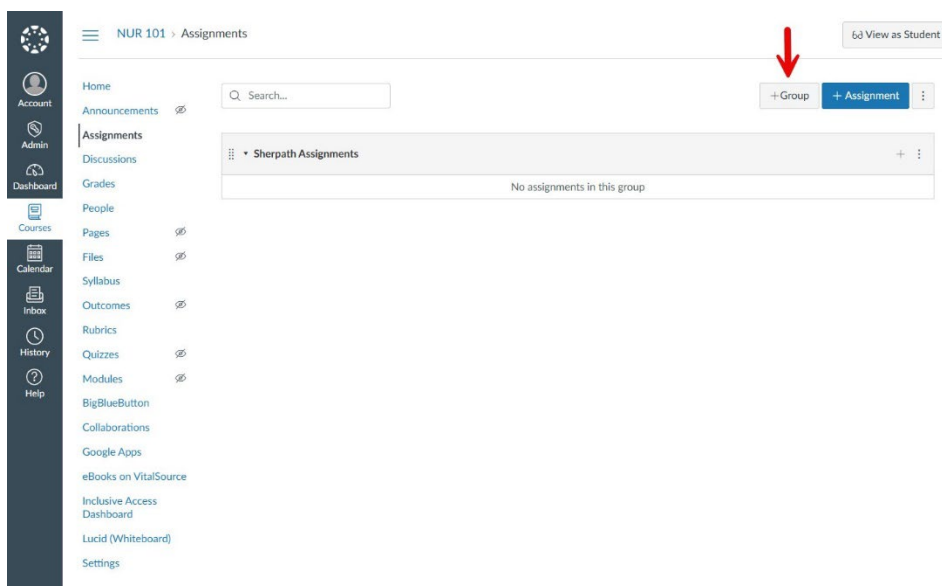

1. Check “Settings” in your new Canvas course to verify your course start and end dates are current and correct.

Canvas course settings page. The 'Settings' link in the left sidebar is highlighted with a red arrow. The main content area shows course details including 'Start' and 'End' dates. The 'Start' date is 'Mar 3, 2025 12:00am' and the 'End' date is 'Jul 31, 2025 11:00pm'. A green box highlights these date fields. Other settings like 'Time Zone', 'Subaccount', and 'Participation' are also visible.

2. Check “Assignments” in your new Canvas course. Delete any old Sherpath assignments that may have carried over from your prior course.

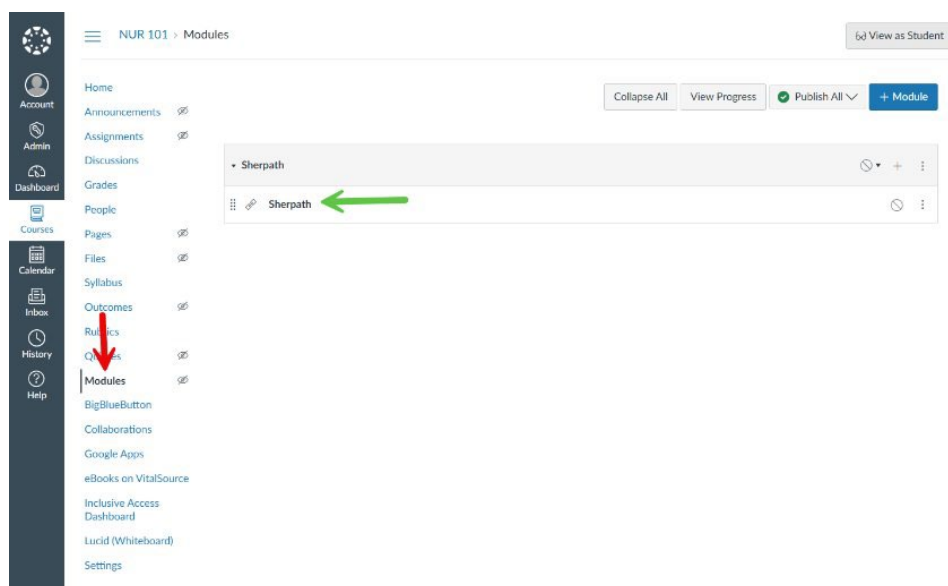

Canvas course assignments page. The 'Assignments' link in the left sidebar is highlighted with a red arrow. The main content area shows a list of assignments. A modal dialog is open asking 'Are you sure you want to delete this assignment?'. The 'Delete' button is highlighted in the context menu for the 'Birth Process' assignment.

3. Click “+Group” to add a category for your new Sherpath assignments and move it to the top of the list.

**NOTE:** Sherpath assignments always filter to the top-most assignment group

4. Click “Modules”, then click into your Sherpath link to copy from your prior course.

THIS COURSE IS BASED ON THE FOLLOWING PRIOR COURSE(S):

- Maternal Health Digital Clinical Experiences
- Pediatrics Digital Clinical Experiences
- Book-Organized: Perry Maternal Child Nursing Care - Sherpath for Maternal Newborn and Pediatric Nursing Combined
- Book-Organized: Sherpath for Key Clinical Calculations

In order to get started, please select how you'd like to organize your course resources.

☐ Create a new course ☒ Copy an existing course

**PLEASE NOTE:** If this course shell was created by copying a previous course in your Learning Management System (LMS), the graded assignments in the previous course will be copied over to the LMS Gradebook for this new course. Please delete these previously graded assignments from the LMS Gradebook for this course shell before creating your course in Sherpath. This will ensure that any unwanted assignments do not appear in the LMS Gradebook for your new course. Once the previously graded assignments are deleted from the LMS Gradebook for this course, you can perform the course copy in Sherpath to create your new course. For any questions, please contact our Customer Support Team.
