Elsevier's Canadian Nursing Curriculum Solution

Elsevier is the ONLY education provider that can deliver everything needed to support your Canadian nursing program in one solution.

Build Knowledge

Elsevier helps students cultivate content mastery throughout the curriculum with engaging technology that complements our market-leading textbooks to ensure students both learn and understand the key concepts that form the foundation for their success.

- Textbooks
- Evolve Resources
- HESI® RN Patient Reviews
- Elsevier Adaptive Quizzing — Book-Specific

Apply Clinical Judgement

Whether students are developing their understanding of a broad range of patient situations or honing their clinical judgement abilities, Elsevier delivers solutions that allow students to practice in a safe, learning-based environment.

- Simulation Learning System for RN
- Simulation Learning System for RN with Virtual Reality
- HESI® RN Case Studies
- Clinical Skills
- SimChart®
- Shadow Health®

Assess & Review

Monitoring performance from day one with practise quizzing and assessment tools allows students to master content along the way, while evaluating their progress at key points in your program. When the time to take the NCLEX-RN® draws near, students can prepare with content review and adaptive quizzing that help them gain the skills and confidence they need to pass the first time.

- Elsevier Adaptive Quizzing
- HESI® RN Specialty Exams
- HESI® RN Practise Test
- HESI® RN Exit Exam

Elsevier is passionate about education. Our motivating goal in everything we do is preparing today's students for successful nursing careers. How do we accomplish this? We make sure that today's higher learning institutions and educators are well equipped with the latest information, learning technology, and assessment tools so they can effectively guide students in becoming tomorrow's leading health science experts and caregivers.
