Elsevier’s Total Solution Partnership has many distinct benefits!

Our Total Solution Partnership offers the unique convenience of getting all of your course materials from one trusted provider — Elsevier. This gives both you and your students a comprehensive and consistent program experience with unrivaled benefits that promote better student performance, NCLEX readiness, and career success.

Compatible
Partnering with a single provider means that all the products supporting your program work together and work for you.

Comprehensive
Only Elsevier can deliver a complete solution that covers all your students’ curriculum needs from admission to graduation, and beyond.

Consistent
Trusting Elsevier for your course materials allows you to offer consistent content and objectives throughout your program.

Current
Elsevier has a proven history of providing authoritative, accurate, and up-to-date educational content that reflects the latest advances in nursing and the most recent NCLEX test plan.
Elsevier helps students cultivate content mastery throughout the curriculum with engaging technology that complements our market-leading textbooks to ensure students both learn and understand the key nursing concepts that form the foundation for their success. Competence with the procedures and skills specific to their role as nursing professionals develops through a combination of theory, observation, interactive technology, and real-world practice.

Our subject matter experts are hard at work developing content, case studies, and item types for the Next Generation NCLEX® (NGN) to ensure you have the tools to begin preparing students.
