Creating Graded Evolve Assignments in Blackboard

Introduction: This guide will walk you through creating graded assignments in Blackboard.

**NOTE:** There are 4 types of products that have assignments that can be linked to Blackboard using these steps: Clinical Skills, Elsevier Adaptive Learning, and select versions of Evolve Resources, and Online Courses. In evolve resources and online courses the only assignments that will pass directly to the gradebook will be inside of a folder marked as gradable resources.

**External Tool Setup**

1. Login to Blackboard and go to your desired course.
2. Click the Content tab in the upper-left-hand corner.
3. Ensure that **Edit Mode** is on and open **Evolve Link** in a new tab.

- **NOTE:** For evolve link setup assistance please view “Adding Evolve Content to Blackboard”

4. In the Blackboard tab click **Build Content** followed by **Web Link**.
5. In the Evolve Link tab click on the title of the resource you are pulling the assignment from.

6. Continue clicking through the subfolders until you are at the assignment desired and click the Create Link button to the right of the assignment.
