

HESI Next Generation: Student Exam Results

Student Exam Results

1. To view your HESI Next Generation exam results, click the **Exam Results** link in the left column of your course.

The screenshot displays the HESI Next Generation student dashboard. The left sidebar is dark grey with an orange header containing the 'HESI' logo. Below the logo, the user's course ID 'Prod-RN-203643' is shown with a 'Change' link. The sidebar menu includes 'Home', 'Remediation', 'Exam Results' (highlighted with a red box and a red circle with the number 1), 'Help & Support', 'Compatibility Check', 'Logout', and 'Terms and Conditions'. The main content area is white with an orange header containing 'Home'. Below the header, the user is welcomed with their email 'stud.prodaug16@yopmail.com' and course ID 'Prod-RN-203643'. The main content area is titled 'Register for Exams' and lists two exam entries: 'RN Medical/Surgical' and 'RN Maternity'. Each entry has a dropdown arrow icon. Below the exam entries, there is a section for 'Registered Exams' which shows 'No registered exams'.

- At the top of the page, select your exam from the drop-down list. It will be listed by exam type and by the date it was taken.
Below will be a summary listing your HESI score, the number of exam questions you completed, the class average score, the national average score, the number of categories where you scored below 850, and the span of possible scores.

- Below the Category performance section will be your remediation progress section. This will display a summary listing the number of packets you have in progress, the average time spent per packet, the number of packets you have not started, and the number of case study requirements you have met out of the total.

The Case Study progress section will list out any case studies you have been assigned with their current status. Any attempts you have made will be listed with the scores and the total time you have spent on each case study. Depending on the exam settings specified by your school, you will meet the case study requirements by completing two attempts and receiving an average of the two scores or by achieving a score of at least 80% after unlimited attempts.
